Finally, a Weight Loss Formula that makes sense!

Mason's NEW Dieter's Detox is an exclusive weight loss formula that combats weight effectively. It is a combination of the top weight loss nutrients and fibers to promote healthy weight and digestion.

CHROMIUM: Appears to be directly involved in carbohydrate, fat, and protein metabolism.

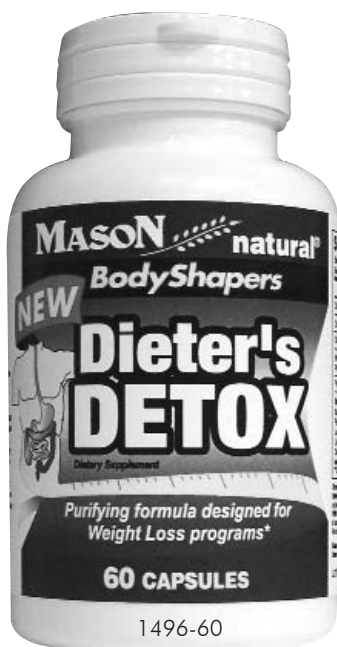

CHITOSAN: A special fiber which is able to "soak up" or absorb anywhere from six to ten times its weight in fat and oils. Chitosan is able to significantly bind with fat molecules and convert them into a form which the human body does not absorb. It claims to affect the fat prior to it reaching the stomach and thus the fat never has a chance to be metabolized. It prevents the absorption and storage of fat by converting into a gel which "traps" the fat. In some sort, it creates a "grease ball" from this excess fat, which is too large to be absorbed by the body. It thus becomes an inert substance and is excreted in the stool.

GLUCOMANNAN: Studies in both adults and children with severe obesity showed varying degrees of weight loss associated either with taking supplemental glucomannan or with replacing some of the usual diet with foods made from glucomannan (konjac) flour—the dried and ground tuber (underground stem) of the plant. Generally, glucomannan is believed to discourage overeating because it creates a feeling of fullness because the fiber in it swells. Because stomach contents may stay in the stomach longer, the individual does not feel hungry as often.

WHITE KIDNEY BEAN EXTRACT: The results of a study conducted by the International Journal of Medical Sciences in Jan. 2007 indicates that Phaseolus vulgaris extract produces significant decrements in body weight and suggests decrements in fat mass in the face of maintained lean body mass.

PSYLLIUM HUSK: A true dietary fiber, even though it is classified by some as a laxative or mucilaginous fiber, and is a convenient way to increase intake of dietary fiber because of its high mucilage content. This bulking agent swells considerably when added to liquid, which can help to increase gastrointestinal transit time. This bulking action and increased transit time can play an important role in maintaining healthy gastrointestinal function.

DETOX WATER BLEND: Helps eliminate excess water and puffiness naturally.

Supplement Facts

Serving Size 2 Capsules
Servings Per Container 30

	Amount Per Serving	%DV
Chromium (Chromium Nicotinate)	150mcg	125%
Chitosan	500mg	**
Glucomannan	400mg	**
White Kidney Bean Extract, Phaseolus vulgaris (Bean)	400mg	**
Psyllium Husk Fiber	200mg	**
Detox Water Blend	150mg	**
Buchu Extract, Barosma betulina (Leaf)		
Parsley, Petroselinum crispum (Leaf and Stem)		
Juniper, Juniperus communis (Berry)		
Uva-Ursi, Arctostaphylos uva-ursi (Leaf)		
Dandelion, Taraxacum officinale (Root)		

**Daily Value not established.
