

MG MASON'S GUARANTEE

Product manufactured & repacked in strict conformance with industry and government standards.
If FOIL TAMPER RESISTANT SEAL appears tampered with, do not use this product.

Directions: Adults, take one tablet two times daily as a dietary supplement, preferably with meals.

Keep Out of the Reach of Children. Store in a dry, controlled room environment.

CITRIMAX is a standardized herbal extract containing 50% hydroxycitrate (HCA). Studies suggest that HCA, as part of a healthy diet and exercise program, may create a feeling of fullness and help curb appetite.*

**One small study suggests that chromium picolinate may reduce the risk of insulin resistance, & therefore possibly may reduce the risk of type 2 diabetes. FDA concludes, however, that the existence of such a relationship between chromium picolinate and either insulin resistance or type 2 diabetes is highly uncertain.
