

MG MASON'S GUARANTEE

This product has been manufactured and repackaged in strict conformance with industry and government standards.

Directions: Adults, take two softgels daily as a dietary supplement, preferably with a meal.

**A growing level of research reveals that Omega-3 fatty acids, known as EPA and DHA, help protect and support overall heart health. These acids are found in particularly fatty, cold water fish such as salmon, mackerel and herring, which are found in this supplement. Omega-3 fish oils also help contribute to good blood circulation. Vitamin E has been added to help preserve freshness. Supportive but not conclusive research shows that consumption of Omega-3 fatty acids may reduce the risk of coronary heart disease.*

Keep Out of the Reach of Children. Store in a dry, controlled room environment.
